To Whom it May Concern

This letter of recommendation is written on behalf of Topfwell Consulting and is testimonial of the services and client care offered by this company.

In our business dealing with Topfwell Consulting, Honda Ukraine LLC has received timely and extremely useful feedback on construction progress, timelines and project status. The opportunity to meet and confer when needed, in addition to the regularity scheduled construction meetings regarding our project has greatly increased the flow of information to our board members and staff.

Topfwell Consulting has demonstrated efficiency, capability and a keen understanding of Honda's needs when working alongside the rest of the team. At no time has there ever been a situation wherein the construction managers and architects were not equally informed and aware of expectations and priorities. In addition, they have always delivered. Topfwell Consulting managed always to provide with increase awareness, reduced numbers of change orders and ultimately, a cost savings.

Please feel free to contact me for any additional information you may need.
