### Letter of Recommendation

Dear Sir or Madam,

As the office manager of Wolf Theiss LLC, I fully recommend Mr. Alexander Nazarov, of Topfwell Consulting, in the capacity of Project/Site Manager in construction and fit-out projects.

In 2009, Wolf Theiss moved to a new office in Kiev, which involved a complete fitout of a 515 sq.m space in a functioning business centre. Due to time constraints, the project had to be completed in two months. This challenging task was supervised by Mr. Nazarov, who visited the site several times per week, maintained records of all the works performed, checked the volume, quality and costs, advised on suppliers and subcontractors and, generally, contributed greatly to the success of the project. His expertise and hands-on experience in construction were vital in matters that required quick decisions.

Mr. Nazarov speaks very good English, which also helped a lot in our multi-lingual project team where architects come from Croatia and the client's head office is located in Vienna. All reports and correspondence were conducted in English and Mr. Nazarov also acted as facilitator between the architect and the General Contractor.

Please do not hesitate to contact me personally should you need any more information regarding Mr. Nazarov's professional performance in our project.

Sincerely,

Vita Shakhtyor  
Office Manager
